Unpublished opinions are not binding precedent in this circuit.

PER CURIAM:

Timothy McNeal appeals the district court's order granting Defendants' motion to dismiss, or in the alternative, for summary judgment, and dismissing his complaint, which raised Fourth, Fifth, and Eighth Amendment claims against several prison employees under *Bivens v. Six Unknown Named Agents of Fed. Bureau of Narcotics*, 403 U.S. 388 (1971). We have reviewed the record and find no reversible error. Accordingly, we affirm the district court's order. *See McNeal v. Hutchinson*, No. 2:21-cv-03431-JFA (D.S.C. Nov. 2, 2022). We further deny McNeal's motion for default. We dispense with oral argument because the facts and legal contentions are adequately presented in the materials before this court and argument would not aid the decisional process.
